Once you are logged in, you will be on the Home Screen

**TIP:** When you are finished looking at the database and searching for your flags, **please remember to Log Out.** This is found in the upper right hand corner.

**NOTE:** Due to the size and special instructions associated with Arlington, those EOD Techs are not included in this database. These graves will receive flags (special approved Arlington size flags have been ordered) and we will work with volunteers directly to place those flags.

If you would like to volunteer to place Arlington Flags OR if you would like to request a personal flag for your loved one to place yourself, please contact us directly at [Patricia@eodwarriorfoundation.org](mailto:Patricia@eodwarriorfoundation.org) or call 770.375.8375 or 850.729.2336.

**NOTE:** Also due to the complexities and special instructions, this database only includes the US graves. If you are interested in assisting with the placing of overseas Flags, please let us know and we are happy to share the information and send flags.

All EOD Techs buried overseas, listed as MIA, or do not have a traditional land-based grave or marker, and those whose graves go unclaimed will have a flag placed in their memory at the EOD Memorial and EOD Expansion Area at the wrap up of this year's program in Fall 2022.

To search for locations, select the “Search Records” option under Links on the Home Page

You may search by:

- EOD Tech’s name (first and/or last)
- Cemetery Name (*using the scroll bar on the left to move the search box down to reveal that field*)
- Volunteer Name (*just below Cemetery*)
- City
- State

**TIP:** If you are unsure of spelling or exact name, the % sign is a wild card and will replace any letter or letters in that position

*Example: Brown% will pull up the last names of Brown, Browne, Browning, etc.*

*Anders%n will pull up the names of Anderson, Andersen, Andersson, etc*

**TIP:** The more information you put in, the less results and higher chance of not finding the person or location you are looking for. This is especially true in the Cemetery Name field.

Type in the information you wish to search by on the left side search area and click on the blue Search Button. The results will appear in the large area on the right.

Use the slide bar on the far right side of the screen to scroll to see all search results. Depending on the size of the search, records may go to a second page.

**TIP:** The search results may also be sorted by Cemetery Name or Volunteer Name by clicking on the title of that column.

**TIP:** Records per screen may also be adjusted through the “Show” option at the top of the search results. See Circled item on 2<sup>nd</sup> screen shot below.
